

Add Google Calendar to Website

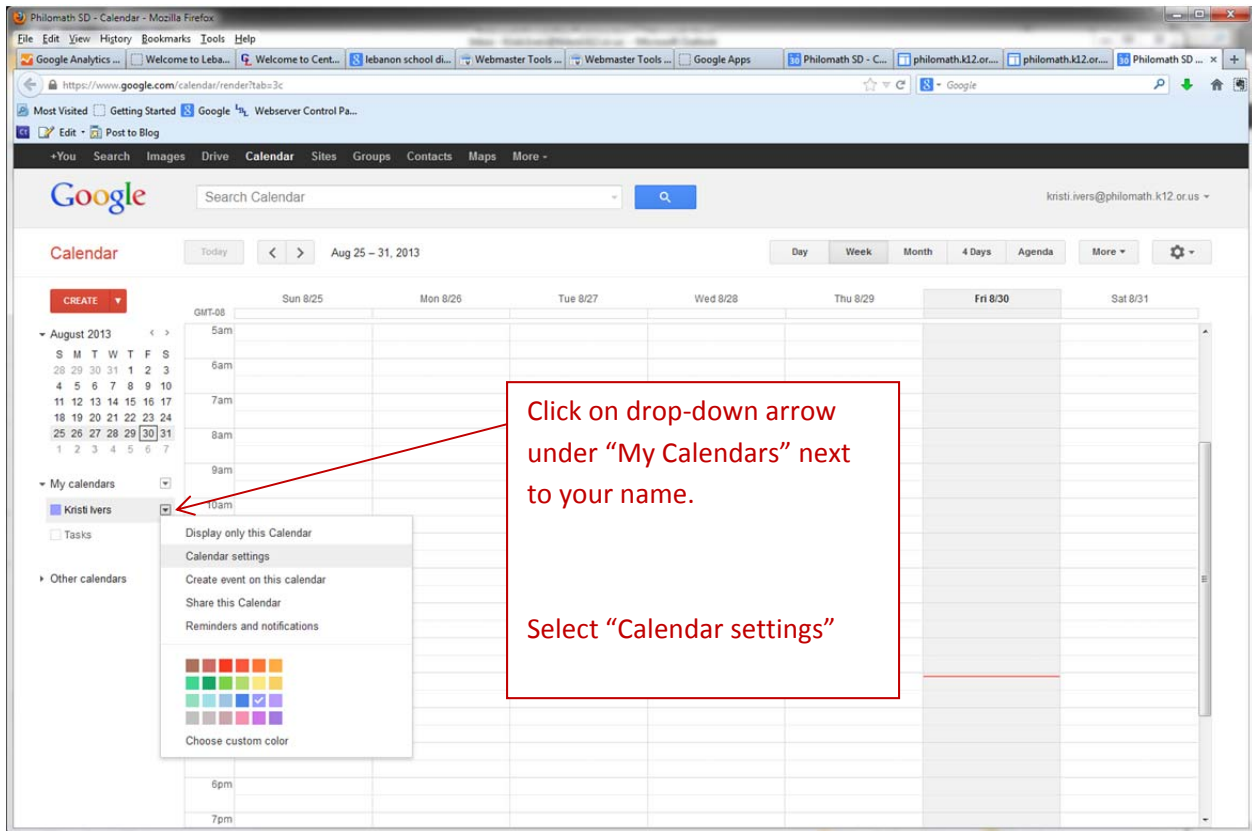

Log into your Google Account

Click on Calendar

Click on "Calendar"

Change Calendar Settings

This screenshot shows the 'Share this Calendar' settings for 'Kristi Ivers Details'. The 'Share this calendar with others' section is checked, and the 'Make this calendar public' checkbox is also checked. Below this, there are options to share with specific people, including an email address field and a dropdown for 'Permission Settings' set to 'See all event details'. A 'Save' button is visible at the bottom left of the sharing section.

Click on "Share Calendar"
Select "Make this calendar public"
Click on Save

Click on "Save"

The image shows a screenshot of a Google Sites editor interface. At the top, the page title is "Calendar". Below the title is a menu bar with "Insert", "Format", "Table", and "Layout" options. A toolbar with various editing tools is visible. The main content area displays the "Philomath Teacher" logo and a "Calendar" widget. The widget contains the text "Google calendar" and "kristi.ivers@philomath.k12.or.us". A red box highlights the "Save" button in the top right corner, with the text "Click on 'Save'" written inside the box. A red arrow points from the text to the "Save" button.
